

My Body (inspired by This Body II by Renee Watson)

My body is
strong and
weak and
tall and
skinny and
light and
weird hair and
freckled skin and
brown eyes and
short nails and
Legs sore and
arms fast and
back strong and
feet walking and
hands writing and
my sister's eyes and
my dad's smile and
my mom's creativity and
my body is amazing and
my body is me.
