

## THE MAGIC OF LOVE

My heart froze with anticipation,  
For another broken night to endure.  
Repelling against blackness,  
I tried to fence off insomnia.  
From nowhere, a gentle pat on my leg  
Suddenly lifted up my spirit.  
Another pat, and another one  
Softly and magically lulled me.  
A loving hand, a magical hand  
Caressed my flesh and slowly melted.  
The ice in my throbbing heart.  
Love wrapped around my soul,  
With peace and tranquility.  
I was back in the land of dream.  
My cat was the magician.
