

The Four Seasons

Spring is wet and full of life,
Spring is full of muck.
Spring is very soggy,
You can easily get stuck.

Summer is very hot and dry,
I can see the heat waves above the road.
Hazy is the summer sky,
Dry is the skin of a toad.

Autumn is my favorite season,
It is full of blowing leaves a clutter.
The way back to summer is out of reach,
The water from recent showers flows down my gutter.

In winter the fire is brightly glowing,
While outside it is thickly snowing.
