

## March

It is March  
The third month of the year  
usually there is snow  
There is no snow now

It is cold  
There has been some rain  
Also some sun  
The weather is different every day

Soon it will be spring  
The weather will change  
There might be more rain  
There could be more snow

You might see more sun  
You don't know what spring will be like this year  
It might be a change  
In March spring starts
