## Acrostic By Cason

**C**hirpy red birds make music in the morning

**A**t cold times red birds fly South

**R**unning around trees, wolves and foxes try to catch a red bird

**D**ark at night red birds hide in their nests to keep safe

**I**n the morning female red birds get seeds and worms for their baby red birds

**N**ights are dangerous for red birds because of foxes and wolves

**A**t warm times red birds fly freely

**L**ate at night red birds go to sleep
